

Portal Access: Pre-Registration

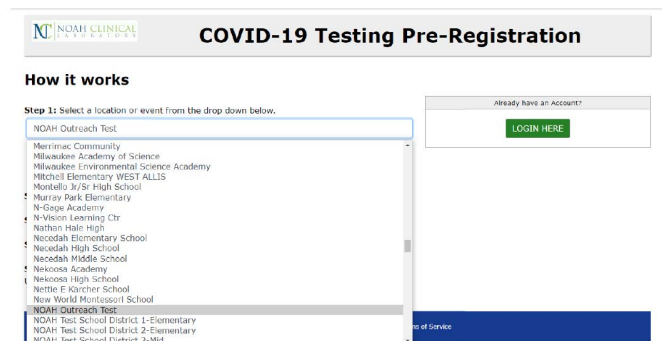

Parent Pre-Registration

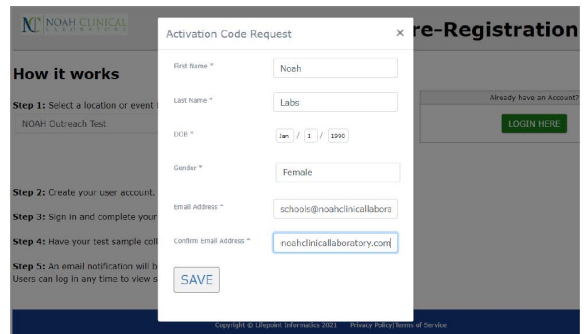

1. Go to the pre-registration website:
<https://www.lifepointlink.com/noah/outreach>

2. Select the school that the student attends from the drop-down menu. *
Be sure to clarify the testing location for your district as it may be different than the school in which your child attends.
* Once registered, your profile is linked to this location.

3. Once you have selected the correct location, click SIGN UP. Enter the patient's basic information.
*Name, DOB and Gender of person being tested
*Email of person completing registration and receiving notifications (point of contact)

4. Once you click SAVE, an activation code will be sent to your email address.

NOAH CLINICAL LABORATORY

Your activation code has been successfully sent to your email address.
Notice: Should you not receive an email during the Create User or Activate Account steps, please verify that emails are not in the junk or SPAM folder. Confirm that your provider is not blocking messages from message@lifepoint.com or message@luxhv.com. If you continue to experience problems please contact the lab directly to have the email resent manually.
NOTE: You are not done yet. Please check your e-mail and activate your account by clicking on the given link or click on Activate your Account below.

5. Locate the email and click on the link attached to the activation code.

Activation Code for NOAH Patient Portal

DR Do Not Reply <message@lifepoint.com>
1:54 PM
To: Schools Noah Clinical Laboratory

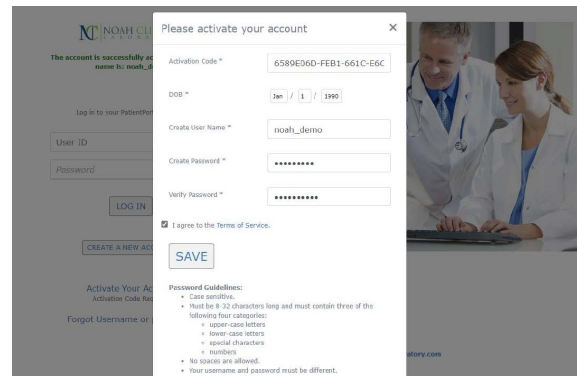

Dear Noah:

Activation Code for NOAH patient portal:

6589E06D-FEB1-661C-E6C9F5CF4251789C

Please click the above code or enter on the [NOAH Patient Portal](#) to complete your activation
If you have any questions contact the laboratory at support@NoahClinicalLaboratory.com

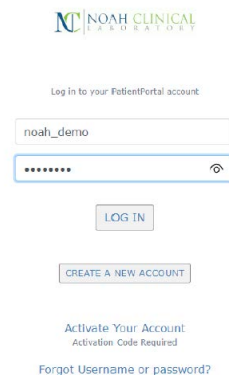

6. The link will redirect you to a webpage to activate your account:
*Be sure to use the same DOB that was entered the first time.

7. **Note: If the link does not work, copy the long digit activation code. Go to the previous webpage and click on the link "Activate Your Account" at the bottom of the page. This will open the activation pop-up. Paste the code in the field titled "Activation Code".

8. Fill out the remaining fields and check the box "I agree to the Terms of Service".
Note: If the preregistration is for a minor, there will be a prompt for the parents/guardians to give consent for the testing. Click SAVE and you will receive a confirmation email confirming activation.

9. Next, log-in to the account using the username and password you created.

Parent Pre-Registration

10. Fill out the demographic information.

Complete information below to complete registration

Home Address * 4288 N. Brooks Rd.

City * Milwaukee

County * Milwaukee

State * Wisconsin

Zip * 53211

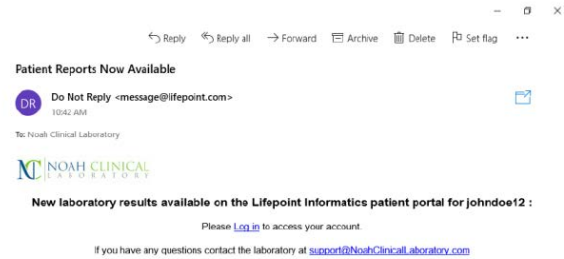

Race * Unknown

Ethnicity * Unknown

Upload Photo

SUBMIT CANCEL

11. Click SUBMIT and your pre-registration is complete. After the testing has been finalized, the result will be uploaded to Lifepoint; an email will be sent when there are new results to view in the account.

12. After logging-in to the patient portal, your dashboard will show a new test result to review. *Be sure to disable pop-up blockers for the LifePoint portal.

TEST ENVIRONMENT [NEW]		
Doe, John		Male DOB: 01/01/2012 Age: 9

FINAL

NOAH CLINICAL LABORATORY

Patient:	Doe, John	Birth:	1/1/2012	Accession:	707103
Patient #:	LT-10021	Age:	9 years	Collection Date:	10/13/2021 10:30 AM MIT
Doctor:	Westergaard, Ryan	Gender:	Male	Received Date:	10/13/2021 10:30 AM MIT
				Specimen Type:	Nasopharyngeal swab

Test Name	Result	Units	Flag	Reference Range/Cutoff
SARS-CoV-2 Protein Antigen (POC)				
SARS-CoV-2 Protein Antigen (POC)	Positive			Run by SH on 10/13/2021 10:36:41 AM at Location: NOAH
SARS-CoV-2				
SARS-CoV-2	Positive			Run by SH on 10/13/2021 10:36:41 AM at Location: NOAH

Notes:

"Positive" results are indicative of the presence of SARS-CoV-2 RNA; clinical correlation with patient history and other diagnostic information is necessary to determine patient infection status. Positive results do not rule out a bacterial infection or co-infection with other viruses. The agent detected may not be the definite cause of disease.

"Negative" results do not preclude SARS-CoV-2 infection and should not be used as the sole basis for patient management decisions. Negative results must be combined with clinical observations, patient history, and epidemiological information.

This high complexity PCR test for SARS-CoV-2 was developed and its performance characteristics determined by NOAH Clinical Laboratory. It has not been cleared or approved by the FDA. NOAH Clinical Laboratory is certified under the Clinical Laboratory Improvement Amendments (CLIA) and is qualified to perform high complexity clinical laboratory testing.

Testing Performed at NOAH Clinical Laboratory, 10501 W. Greenfield Ave, West Allis, WI 53214 (CLIA# 52D2127517) unless otherwise specified above.
